Making your Selections

Choosing your Benefits

There are up to **three** times during the year when you'll be able to select your benefits. Choose carefully! The choices you make now will be in effect through April 2019.

When you're first hired

Your coverage begins on your **benefit eligibility date**, which is the first day of the month following 30 days of full-time employment.

If you have a life change

Certain life events like marriage, divorce, birth or adoption of a child, or a change in employment status may allow you to change your coverage during the year.

If this occurs, you have **30 days** from the date of the event to request applicable changes to your benefits.

At Open Enrollment

Open Enrollment is your opportunity once each year to evaluate your benefit options and make selections for the following year.

Benefits selected at Open Enrollment are effective **May through April**.

Covering your Family

Your Spouse

You may cover your spouse on your medical, dental, vision, life insurance, and additional coverage plans.

Your Children

Medical	through the end of the calendar year in which they reach age 30 .
Dental	until age 30
Vision	through the end of the calendar year in which they reach age 25
Child Life	through their 20th birthday if unmarried; until age 26 if a full-time student.

Disabled dependents: children who became disabled before age 26 and rely on you for support are also eligible for health coverage.

Documentation: For each dependent you cover, you will be required to provide their **Date of Birth** and **Social Security Number** along with their **Birth Certificate** and/or **Marriage License**

Medical Insurance

Important Terms

Insurance can sometimes sound like a foreign language. Take a moment to review the meaning of these common terms to best understand your benefit plans.

Copay

A flat fee you pay whenever you use certain medical services, like a doctor visit.

Accrues toward your out-of-pocket maximum.

Coinsurance

The percentage of covered expenses you continue to pay after you've met your deductible and before you reach your out of pocket maximum.

Accrues toward your out-of-pocket maximum.

Network

A specific group of doctors, facilities, hospitals, and providers who contract with the insurance plan. In-network providers are your lowest cost for care.

Deductible

The annual dollar amount you pay before your insurance begins paying deductible-eligible claims.

Accrues toward your out-of-pocket maximum.

Out-of-Pocket Maximum

The most you will pay during the calendar year for covered expenses. This includes copays, deductibles, coinsurance, and prescription drugs.

Balance Billing

The amount you are billed to make up the difference between what your **out-of-network** provider charges and what insurance reimburses.

Balance Billing is in addition to, and does not count toward your out-of-pocket maximum.

Cost Saving Strategies

You've heard the saying "you get what you pay for", but that doesn't always apply with medical care.

There are many ways to save money and get better care using your Florida Blue medical plan through Suwannee County School Board. Take a look!

Stay in-network

This is the easiest way to save money!

Visit www.floridablue.com to find an in-network doctor or hospital.

Ask before you go

If your primary care doctor refers you somewhere, make sure they're in-network before you go.

Check the price!

If you need surgery or an expensive scan, look on www.floridablue.com to find the most bang for your buck.

Stick with lower-cost labs

Quest Diagnostics can get you the same quality service with big savings!

(Please be aware that LabCorp is out of network)

Use free-standing facilities

Using an independent radiology center over an outpatient hospital for things like CT scans and MRIs can save you hundreds of dollars.

Use outpatient surgery

If you need something like a colonoscopy or GI endoscopy, try an outpatient surgery center and save hundreds or thousands of dollars.

Compare your Options

Choose between four medical plans plus a hospital indemnity option to best meet your needs. The Hospital Indemnity option is available to employees only.

Health Savings Account (HSA)

Savings when you need care

When you enroll in the one of our HDHP plans, the HSA is a great way to handle any medical, prescription, dental, and vision expenses not covered by insurance.

Enrolling in one of our **HDHP with HSA** plans allows you to make regular, tax-free contributions to your Health Savings Account through payroll, **and that's not all:**

- You own the account, even if you change plans or jobs;
- There are federal, state and FICA tax savings;
- Your funds roll over from year to year;
- You may change your contribution any time during the year as long as you don't exceed the maximum; and
- Any withdrawal for qualified health expenses is tax-free.

2018 Maximum Annual HSA Contribution

If you cover only yourself

\$3,450

If you cover any dependents

\$6,850

Age 55 or older?

You may contribute an extra **\$1,000** per year in catch-up contributions.

Contribution maximums are set by the IRS, include contributions from all sources, and assume 12 months of coverage in the HDHP Plan. Maximums may be pro-rated on a monthly basis for coverage lasting less than 12 months.

-\$225 (25% federal income tax)

\$675

Post-tax money to cover medical expenses

Good to know:

Your funds are available as soon as they are deposited and you can use your money in two ways:

- 1** Pay for out-of-pocket costs when you receive medical, prescription, dental, or vision care
- OR**
- 2** Leave the money in your account so it will carry over from year-to-year and grow tax-free

Please remember that you'll need to enroll in one of our HDHP plans to join our HSA. Also, you can't contribute to an HSA if you're in another medical plan (including Medicare or TRICARE) or are a dependent on someone else's tax return. In these cases, you can still enroll in the HDHP plan, but you'll need to opt out of the HSA.

Disability Insurance

Protecting your income

Insurance for your paycheck if you become unable to work due to disability.

Disability Insurance Matters

How long can you pay the bills without an income? A few weeks? Maybe a month?

What happens if you get sick or have an accident and can't work? How will the rent or mortgage get paid? What about groceries, insurance, and shoes for the kids?

Disability happens. Studies estimate that just over **one in four** of today's 20-year olds will become disabled before they retire¹.

Do you have a rainy day fund? More than half of Americans have **less than \$1,000** in savings². What would you do if your income stopped because you couldn't work?

Short-term disability insurance is designed to fill the financial gap while you get better. Or, in the event you can't return to work, **long-term** disability insurance can help provide you and your family with a continuing source of income. You may purchase one or both of these policies through The Standard.

Cost information is available when you enroll online.

③How Much Your Coverage Costs

Because this insurance is offered through School Board of Suwannee County, you'll have access to competitive group rates that may be more affordable than those available through individual insurance. How much your premium costs depends on a number of factors, such as your age and benefit amount.

Use this formula to calculate your premium payment:

$$\frac{\text{Enter your weekly earnings (cannot be more than \$2,500).}}{\text{Enter your rate from the rate table.}} \times 0.60 \times \text{Enter your rate from the rate table.} \div 10 = \text{This amount is an estimate of how much you'd pay each month.}$$

Your Age (as of May 1)	Rate per \$10 of benefit Option 1 / Option 2
<50	\$0.561 / \$0.439
50-59	\$0.589 / \$0.460
60+	\$0.958 / \$0.747

Not being able to work also means not being able to earn a paycheck.

As you consider Short Term Disability insurance, think about the expenses you would need to cover if you were to become disabled:

- Mortgage or rent
- Utilities
- Groceries
- Medical bills
- Car insurance
- Childcare costs

To estimate your insurance needs, you'll need to consider your unique circumstances.

Use our online calculator at www.standard.com/disability/needs.

Important Details

Here's where you'll find the nitty-gritty details about the plan.

Eligibility Requirements

A minimum number of eligible employees must apply and qualify for the proposed plan before the coverage can become effective. If this requirement is not met, this plan will not become effective. To be eligible for coverage, you must be:

- An active employee of School Board of Suwannee County
- Regularly working at least 20 hours per week

Temporary and seasonal employees, full-time members of the armed forces, leased employees and independent contractors are not eligible.

Employee Coverage Effective Date

To become insured, you must:

- Meet the eligibility requirements listed above
- Serve an eligibility waiting period*
- Apply for coverage and agree to pay premiums
- Be actively at work (able to perform all normal duties of your job) on the day before the scheduled effective date of insurance

If you are not actively at work on the day before the scheduled effective date of insurance, your insurance will not become effective until the day after you complete one full day of active work as an eligible employee.

All late applications (applying 31 days after becoming eligible), requests for coverage increases and reinstatements are subject to medical underwriting approval. Please contact your human resources representative or plan administrator for more information regarding the requirements that must be satisfied for your insurance to become effective.

*Defined as first of the month that follows 30 consecutive days as a member

Definition of Disability

You will be considered disabled if, as a result of physical disease, injury, pregnancy or mental disorder:

- You are unable to perform with reasonable continuity the material duties of your own occupation, or
- You are unable to earn more than 60 percent of your predisability earnings when you work for your employer.

Exclusions

Subject to state variations, you are not covered for a disability caused or contributed to by any of the following:

- An intentionally self-inflicted injury, while sane or insane
- War or any act of war (declared or undeclared, and any substantial armed conflict between organized forces of a military nature)
- An activity arising out of or in the course of any employment for wage or profit

Limitations

Short Term Disability benefits are not payable for any period when you are:

- Not under the ongoing care of a physician in the appropriate specialty, as determined by The Standard
- Eligible to receive benefits for your disability under a workers' compensation law or similar law
- Working for wage or profit for any employer other than the employer offering your Short Term Disability coverage, including self-employment

When Your Benefits End

Your Short Term Disability benefits end automatically on the date any of the following occur:

- You are no longer disabled
- Your maximum benefit period ends
- Long term disability benefits become payable to you under a Long Term Disability plan issued by The Standard
- You pass away
- The date you begin working for an employer other than your employer, or become self-employed

Deductible Income

Your benefits will be reduced if you have deductible income, which is income you receive or are eligible to receive while receiving Short Term Disability benefits. Deductible income includes:

- Amounts under unemployment compensation law
- Amounts under any state disability income benefit law or similar law
- Earnings from work activity while you are disabled
- Earnings or compensation included in your predisability earnings which you receive or are eligible to receive while Short Term Disability benefits are payable
- Any amount you receive by compromise, settlement or other method as a result of a claim for any of the above

When Your Insurance Ends

Your insurance ends automatically when any of the following occur:

- The date the last period ends for which a premium was paid
- The date your employment terminates
- The date the group policy (or your employer's coverage under the group policy) terminates
- The date you cease to meet the eligibility requirements (insurance may continue for limited periods under certain circumstances)
- The date School Board of Suwannee County ends participation in the group policy

Group Insurance Certificate

If coverage becomes effective and you become insured, you will receive a group insurance certificate containing a detailed description of the insurance coverage, including the definitions, exclusions, limitations, reductions and terminating events. The controlling provisions will be in the group policy. The information present in this summary does not modify the group policy, certificate or the insurance coverage in any way.

Annual Rights and Notices

This section contains important information about your benefits and rights. Please read the following pages carefully and contact Human Resources with any questions you have.

Availability of Summary Health Information - Choosing a health coverage option is an important decision. To help you make an informed choice, a Summary of Benefits and Coverage ("SBC") is available, which summarizes important information about any health coverage option in a standard format, to help you compare across options. The SBC and SBC Glossary is available on the web at: www.suwannee.k12.fl.us. To view documents, please click on the Resources tab, and go to Staff. Other important insurance information is also available in this location, including Marketplace Notice and COBRA Continuation Coverage Rights. Paper copies of these documents are available, free of charge, by calling Teri Jones at (386) 647-4616.

HIPAA Special Enrollment Rights – If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or obtain more information, contact your Benefits or HR Administrator.

Section 111 – Effective January 1, 2009 Group Health Plans are required by the Federal government to comply with Section 111 of the Medicare, Medicaid, and SCHIP Extension of 2007's new Medicare Secondary Payer regulations. This mandate is designed to assist in establishing financial liability of claim assignments. In other words, it will help to establish who pays first. The mandate requires Group Health Plans to collect additional information such as social security numbers for all enrollees, including dependents aged six months or older. Please be prepared to provide this information on your Benefit Enrollment Form when enrolling into benefits.

Women's Health and Cancer Rights Act of 1998 – If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for all stages of reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, prostheses; and treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan.

Newborns' and Mothers' Health Act - Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Patient Protection – If your group health plan requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, until you make this designation, the group health plan will make one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the health plan. For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the group health plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For a list of participating health care professionals who specialize in obstetrics or gynecology, or for information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Plan Administrator or refer to the carrier website.

It is your responsibility to ensure that the information provided on your application for coverage is accurate and complete. Any omissions or incorrect statements made by you on your application may invalidate your coverage. The carrier has the right to rescind coverage on the basis of fraud or misrepresentation.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP) – If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states [see following pages], you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2018. Contact your State for more information on eligibility.

Medicare D Notice of Creditable Coverage

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Suwannee County School Board and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide a minimum standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- Suwannee County School Board has determined that the prescription drug coverage administered by Florida Blue is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Suwannee County School Board coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current Suwannee County School Board coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Suwannee County School Board and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you have 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you leave nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage:

Contact Human Resources for further information. NOTE: This notice will be updated each year. You will receive it before the next period you can join a Medicare drug plan and if this coverage through Suwannee County School Board changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You will receive a copy of the handbook in the mail from Medicare every year. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained non-creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

RE: Required Notification Regarding the Patient Protection and Affordable Care Act

The attached notification is being provided to you in compliance with the Patient Protection and Affordable Care Act. This notification is strictly informational regarding the Health Insurance Marketplace.

Under the new health care law, we are required to notify all employees about the Health Insurance Marketplace. The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. Open Enrollment for health insurance coverage through the Marketplace begins in October, with coverage starting as early as January 1st. Some employees may be able to get lower costs on private insurance in the Marketplace based on their income. However, because SCSB offers coverage that meets the required standards, you will not be eligible for a tax credit through the Marketplace and may therefore prefer to remain on SCSB's group health plan.

If you purchase a health plan through the Marketplace instead of accepting group health coverage offered by SCSB, then you will lose the employer contribution to the employer-offered coverage. Our employer contribution, as well as your employee contribution to SCSB group health coverage, is excluded from income for federal income tax purposes under current tax regulations. If you choose coverage through the Marketplace, your payments for coverage are made on an after-tax basis.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Visit www.HealthCare.gov for more information, including an online application. The attached document will provide you with information that you will need while on the Marketplace website.

SCSB is not able to address questions regarding the Health Insurance Marketplace. If you have questions regarding the Health Insurance Marketplace, you should visit www.HealthCare.gov.

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 5-31-2020)

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

All full-time employees working minimally 20 hours per week.

•With respect to dependents:

A dependent child is defined as: A natural child, a step child, a legally adopted child, a child for whom legal guardianship has been awarded to covered employee or employee's spouse, or unmarried children of any age who became mentally or physically disabled before reaching the age limit of 30

☒ If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, [HealthCare.gov](https://www.healthcare.gov) will guide you through the process. Here's the employer information you'll enter when you visit [HealthCare.gov](https://www.healthcare.gov) to find out if you can get a tax credit to lower your monthly premiums.
